Make your flying geese using the method you prefer.

You will also need a HST. Use Color 1 and Color 6, draw a line from corner to corner and sew 1/4" on each side. Cut on the drawn line and press towards the dark side. You will have an "extra".

After you have all your components it is time to construct the block.

Lay out your pieces as shown and web them together.

Press away from the geese units.

Add the sashing and you are done.

Congratulations! Nineteen down...
