Block Breakdown:

This is another block that can be made in many different ways. You could make the entire block with 16 HST's. That just seems like extra work to me, so I went with Geese and Parallelograms.

By using these two units I was able to make four identical quadrants, which I love!

Sewing:

Make four Geese units with Color 1 and Color 8 using the method of your choice. Press all seams towards Color 8.

Make four Parallelograms with Color 11 as the base and Color 7 and Color 8 at the corners. Press towards Color 7 and Color 8.

Sew the Geese unit and Parallelogram unit together to make each quadrant. Make 4

Lay out following the diagram and sew together. Spin the center seam
